

Maintenance: DC1 Network Refresh – Cable Rationalisation

As part of our commitment to quality and continual improvement, iomart will be carrying out maintenance on 12th and 13th September 2025. The work will specifically involve the network in Data Centre Glasgow (DC1). We are writing to inform you of our intention to carry out this maintenance.

What will happen?

During the maintenance window we will be decommissioning legacy, and unused, infrastructure to facilitate future upgrades in the Data Centre.

When will the work be carried out?

The maintenance work will commence at 22:00 (BST) on Friday, 12th September 2025 and last until 04:00 (BST) on Sunday, 14th September 2025.

Who will be completing the work?

All updates to the DC1 devices will be carried out by our iomart network team.

Will I experience downtime?

Due to high levels of resiliency in DC1 we do not expect any interruptions to services during the maintenance window.

If you have any further questions or concerns regarding this work, please support by visiting <https://www.easyspace.support>.

Regards,

iomart Communications Team.
