

Maintenance: DC5-IVC-02 Public Address Certificate Update

As part of our commitment to quality and continual improvement, Iomart will be carrying out planned maintenance on the evening of 27th January 2025. The work will specifically involve the update of public address certificates for the DC5 VMware Cloud Director (VCD) environment dc5-ivc-02.iomart.com.

What will happen?

The public address certificates for dc5-ivc-02.iomart.com will be updated. During the maintenance the dc5-ivc-02.iomart.com tenant portal will be unavailable for approx. 30 minutes.

When will the work be carried out?

The maintenance work will begin at 22:00 (GMT) on 27th January and last until 23:00 (GMT) on 27th January.

Who will be completing the work?

An Iomart VMware Infrastructure SME will complete all the work remotely.

Will I experience downtime?

The dc5-ivc-02.iomart.com tenant portal will be unavailable for approx. 30 minutes during the certificate update.

There will be no downtime or impact to running VMs and their services.

Regards,

Iomart Communications Team.
