

Planned Maintenance: .UK Domain Tag Consolidation**Scheduled:** Wednesday 18th March, 9:00am – Thursday 19th March, 12:00pm

We will be carrying out planned maintenance on Wednesday 18th March as we move all .uk domains to a single registrar tag. This consolidation will enable us to provide a more streamlined and efficient service, making it easier to manage and support your domains going forward.

During this period, we ask customers **not to make any changes to their .uk domains** until the work has been completed.

Please note:

- No updates or changes should be made to .uk domains during this maintenance window
- Renewals due during this time will be processed once the transfer has completed
- Transfers in and out for .uk domains will not be available for up to 24 hours

This maintenance will **not affect any services on your domain**, which will continue to run as normal.

We apologise for any inconvenience and will provide an update once the work has been completed.

Thanks

The Hosting UK Team
