

Upcoming .UK Domain Maintenance

Thursday 14th May and Monday 18th May between 09:00 – 11:00 BST (UTC+1)

During the above maintenance windows, the following actions for .uk domains may be temporarily unavailable:

- *Registrations*
- *Renewals*
- *Transfers*
- *Updates to domain details (for example nameserver or WHOIS changes)*

This maintenance only affects .uk domains, including:

- *.co.uk*
- *.org.uk*
- *.uk*
- *.me.uk*
- *.net.uk*
- *.ltd.uk*
- *.plc.uk*

Existing domain names will continue to resolve as normal throughout the maintenance period.

Any registration, renewal, or transfer requests submitted during this time will be processed automatically once the maintenance has completed.

If you need to make changes to your domain name, nameservers, or WHOIS details, we recommend doing so outside of these maintenance windows.
