

Scheduled Maintenance: DC2 Firewall Replacement

As part of our commitment to quality and continual improvement, iomart will be carrying out maintenance on 23rd June 2026. The work will specifically involve the network in Data Centre London (DC2). We are writing to inform you of our intention to carry out this maintenance.

What will happen?

During the maintenance window we will be migrating the gateways from the current firewalls to the new Firepower devices in DC2.

When will the work be carried out?

The maintenance work will commence at 06:00 (BST) on Tuesday, 23rd June 2026 and last until 16:00 (BST) on Tuesday, 23rd June 2026.

Who will be completing the work?

All updates to the DC2 devices will be carried out by our iomart network team.

Will I experience downtime?

There may be a brief interruption to connectivity of approximately 15 minutes when the gateways are moved from current firewalls to the new Firepower devices.
