

Scheduled Maintenance: DC2 Core Infrastructure Maintenance

As part of our commitment to delivering reliable services and continual improvement, Iomart will be carrying out essential maintenance on **Tuesday, 8 September 2026**. This work will involve the core network infrastructure within our **London Data Centre (DC2)**.

We are writing to inform you of this planned maintenance and any potential impact to your services.

What will happen?

During the maintenance window, our engineers will be making essential upgrades and configuration changes to the core network infrastructure within DC2.

When will the work be conducted?

The maintenance window is scheduled from **06:00 BST to 06:30 BST on Tuesday, 8 September 2026**.

Who will be completing the work?

All work will be carried out by Iomart's Network Engineering team following our approved change management procedures.

Will I experience downtime?

A brief service interruption is anticipated during the maintenance window. Any service impact is expected to last **no longer than 15 minutes**.

If you have any questions or concerns regarding this maintenance, please contact your Account Manager.

Regards,

Iomart Communications Team.
